

# U.S. GROWERS COLD STORAGE, INC.

“Handling Your Products  
Like They’re Our Own”

# Our People *Make the Difference*

If you have researched Cold Storage Companies, you will have discovered that most offer similar warehousing, logistics, systems information technologies and facilities. To really see the differences, you must first learn what sets the individual companies apart.

At U.S. Growers Cold Storage, our people are the greatest asset we offer. For over fifty years thousands of clients with billions of dollars in products, commodities and perishable goods have entrusted their inventories to U.S. Growers Cold Storage, with many of these customers having been with us for over twenty years.

Why? Because “we handle your products like they’re our own.” We have built a highly professional and dedicated staff experienced with issues relating to product handling, distribution, ordering, logistics, reporting, accounting and communication.

We invite you to check us out and see the real difference...  
**OUR PEOPLE!**

## Attention to Details

We have worked hard to earn a reputation as an industry leader by being a storage, fulfillment and logistics partner to our clients.

Customer service, inventory integrity and controlled temperatures are our fundamental priorities.

We at U.S. Growers believe that the surest way to get the job done is to maintain good relations with our clients and their customers through better listening and a superior service attitude. Your satisfaction is our standard, and not just a goal.

# Order Tracking and Inventory Control

Our inventory systems can be an extension of your own. Years of experience have taught us the importance of accurate and disciplined inventory controls.

You can trust U.S. Growers Cold Storage to provide the timely feedback you need when negotiating important sales or servicing your most demanding customers.

We routinely provide our customers with inventory reports, activity summaries, and needed documents so you are up-to-date on inventory status at all times.

U.S. Growers has built a unique custom Warehouse Management System that enables us to insure your goods will be expedited to meet your deadlines and always handled with care.

In addition, our real-time communication system allows you to track inventory building, depleting and billing via our EDI network.

And, as our existing customers already know, all of U.S. Growers' personnel are always ready to assist you with any of your needs. That's why *our people make the difference!*

# Our Philosophy

We know that you, our valued customer, have invested significant resources developing your products and building new markets. Storage and distribution of your product and the utmost customer service provided to you and your customer are paramount. That is why U.S. Growers Cold Storage “Handles Your Products Like They’re Our Own.”

Since 1950 our customers have continuously relied upon us for their refrigerated warehousing and distribution needs. With over 12 million cubic feet of state of the art, multi-purpose cold storage facilities we can design a program that will meet your individual cold storage and logistics requirements.

Despite what you hear, not all cold storage warehouse and distribution facilities are the same. We are an industry leader because of:

- Our People
- Strategic Customer Alliances
- Our Customer Focus/Services
- State of the Art Facilities
- Competency born with over 50 years in the business
- A Strategic Location which serves over 10 million of your potential customers

Give us a call so we can meet and discuss your refrigerated warehousing and distribution needs.

Angelo Antoci  
President
